

## Supplementary Material

In **Figures 1 – 11** we show samples from our pipeline for different pairs: content image and stylization prompt

**Figure 1:** A – represents the content image, B – represents the content image (A) stylized with the stylization pipeline using the prompt: “80s vibe”.

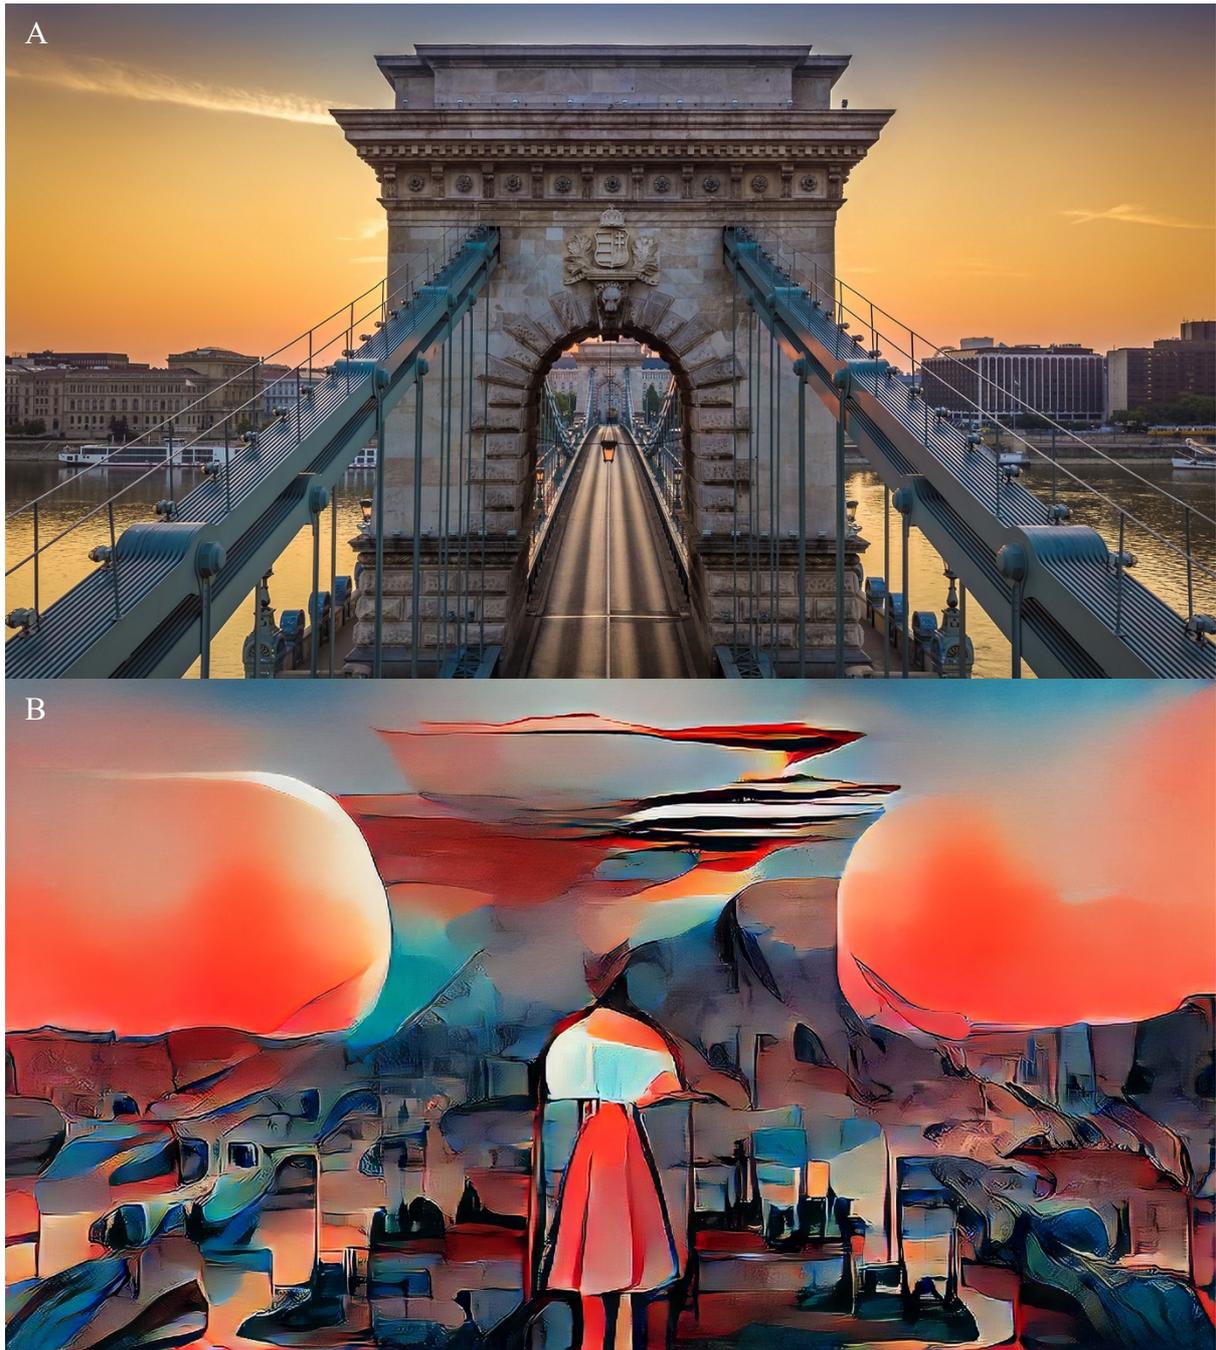

**Figure 2:** A – represents the content image, B – represents the content image (A) stylized with the stylization pipeline using the prompt: “A Canopy of the Forest Holds Beauty | 80s retro effect”.

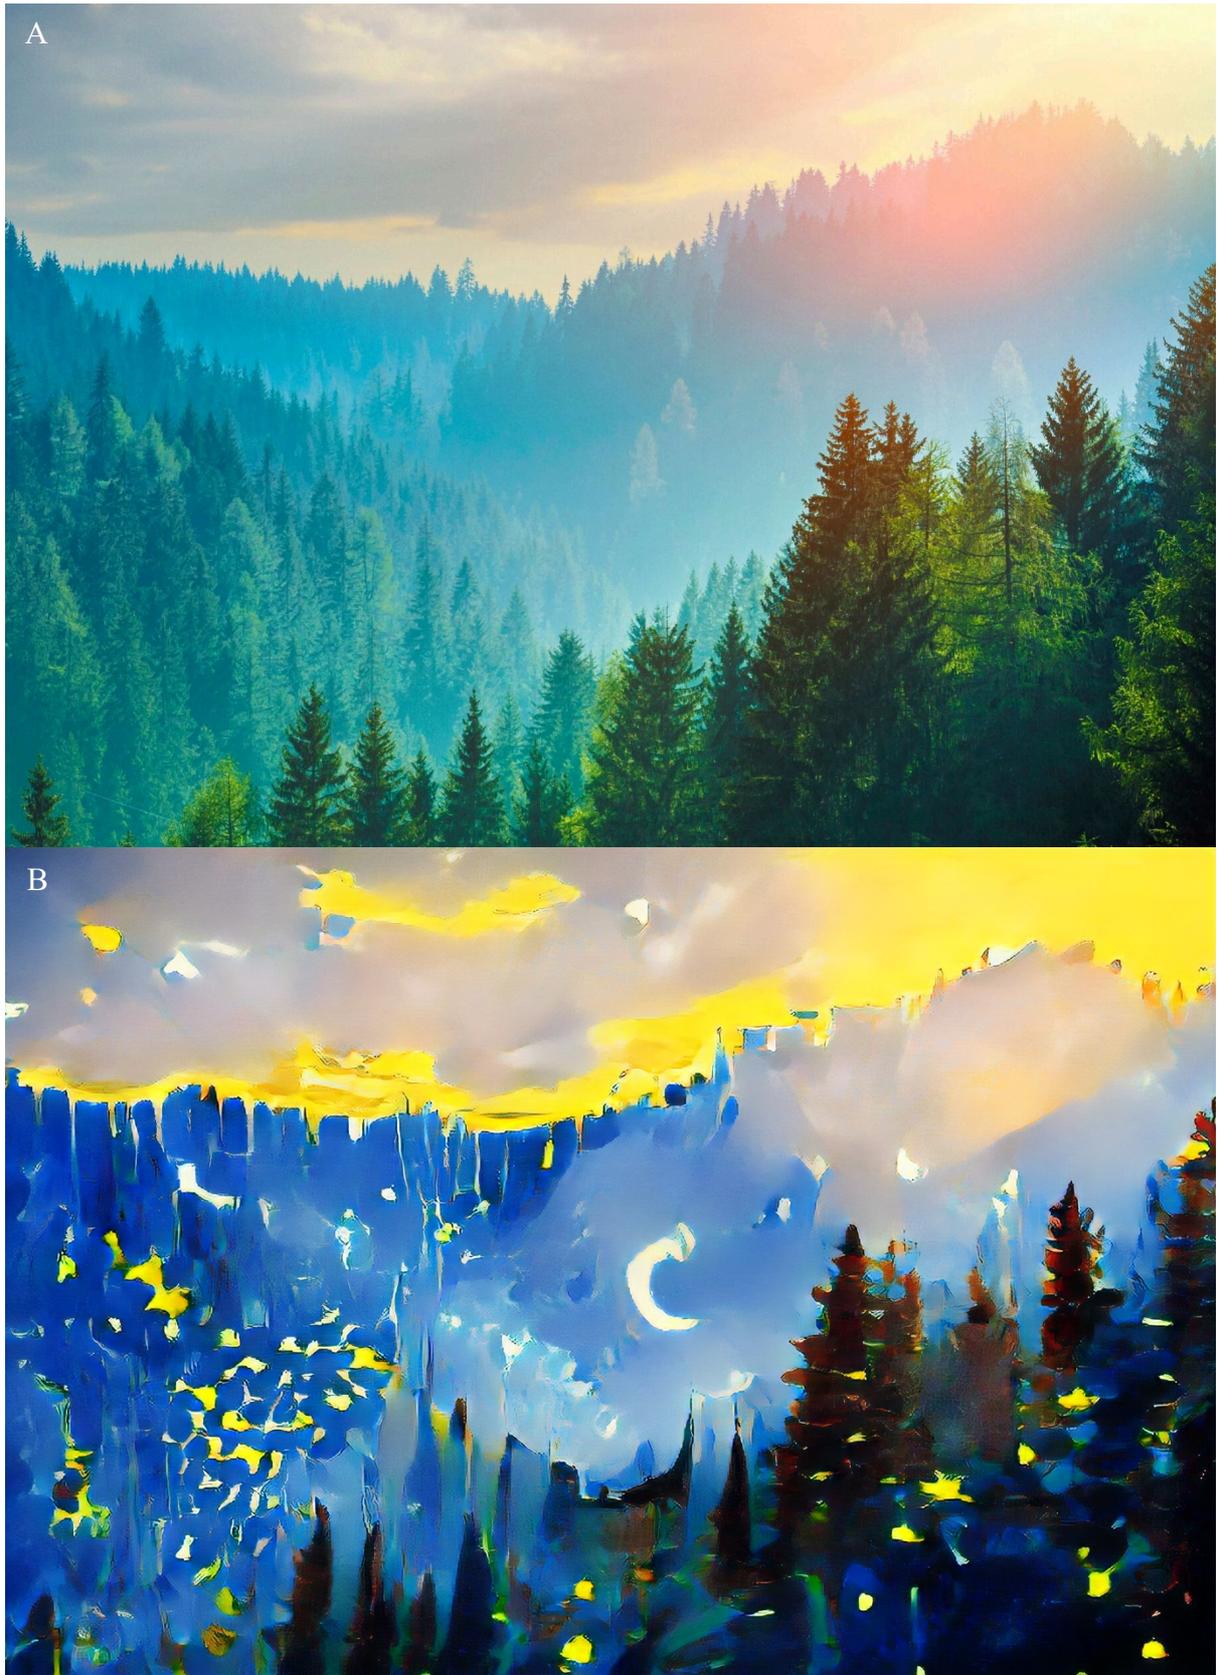

**Figure 3:** A – represents the content image, B – represents the content image (A) stylized with the stylization pipeline using the prompt: “Beautiful fantasy land forest”.

**Figure 4:** A – represents the content image, B – represents the content image (A) stylized with the stylization pipeline using the prompt: “City of the Future | Low poly”.

**Figure 5:** A – represents the content image, B – represents the content image (A) stylized with the stylization pipeline using the prompt: “Mars | Surreal illustration”.

**Figure 6:** A – represents the content image, B – represents the content image (A) stylized with the stylization pipeline using the prompt: “Starry Night”.

**Figure 7:** A – represents the content image, B – represents the content image (A) stylized with the stylization pipeline using the prompt: “Sunny day in a field of sunflowers”.

**Figure 8:** A – represents the content image, B – represents the content image (A) stylized with the stylization pipeline using the prompt: “The Monument Of The Ancients | Low poly”.

**Figure 9:** A – represents the content image, B – represents the content image (A) stylized with the stylization pipeline using the prompt: “The Shire”.

**Figure 10:** A – represents the content image, B – represents the content image (A) stylized with the stylization pipeline using the prompt: “Wave”.

**Figure 11:** A – represents the content image, B – represents the content image (A) stylized with the stylization pipeline using the prompt: “An intricate painting of eternity | Geometric Art”.

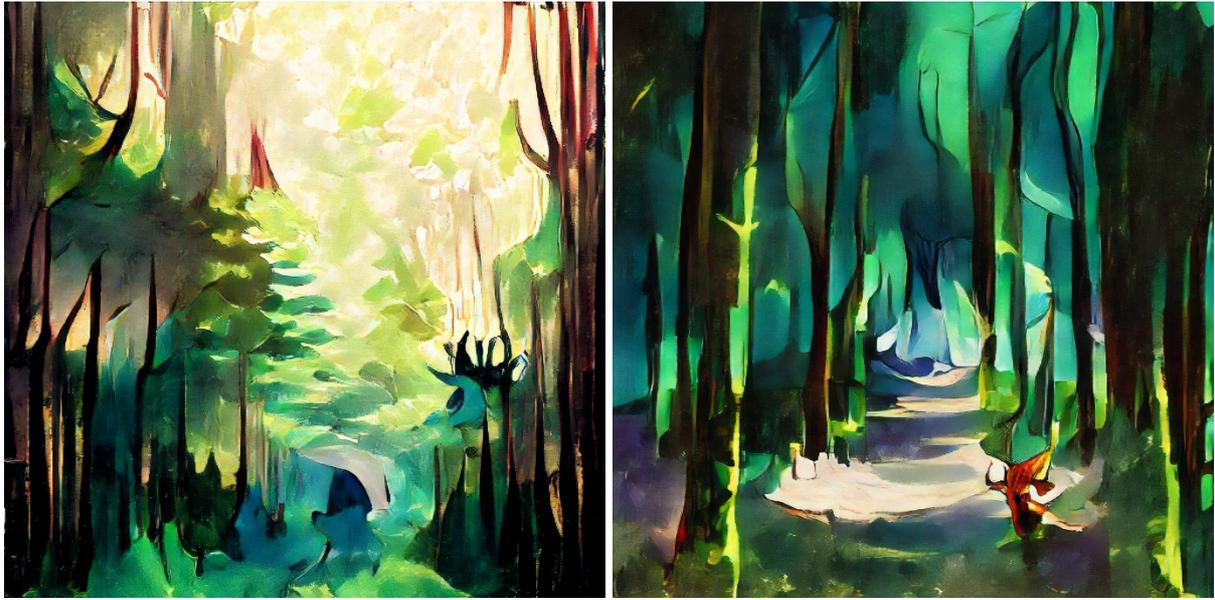

In **Figures 12 – 33** we show random samples from our pipeline for some prompts.

**Figure 12:** Random samples from our pipeline for prompt “A dystopian city at sunset | Concept art”

**Figure 13:** Random samples from our pipeline for prompt “A massive sea creature from the ancient era of the Old Ones | Geometric art”

**Figure 14:** Random samples from our pipeline for prompt “An Adventurous forest beckons”

**Figure 15:** Random samples from our pipeline for prompt “An ancient city in black and gold | Vivid waves”

**Figure 16:** Random samples from our pipeline for prompt “Art deco cathedral in the style of cyberpunk noir”

**Figure 17:** Random samples from our pipeline for prompt “Beautiful epic wondrous abstract fantasy painting | Art Deco”

**Figure 18:** Random samples from our pipeline for prompt “City of the Future | Low poly”

**Figure 19:** Random samples from our pipeline for prompt “Cold snowy winter landscape”

**Figure 20:** Random samples from our pipeline for prompt “Game night in a mid century modern house”

**Figure 21:** Random samples from our pipeline for prompt “Intergalactic nebula, galaxies”

**Figure 22:** Random samples from our pipeline for prompt "Jurassic world"

**Figure 23:** Random samples from our pipeline for prompt "Lighthouse at the end of the universe"

**Figure 24:** Random samples from our pipeline for prompt “Lombard Street”

**Figure 25:** Random samples from our pipeline for prompt “Melting paint | Typographic art”

**Figure 26:** Random samples from our pipeline for prompt “Starry Night”

**Figure 27:** Random samples from our pipeline for prompt “Steampunk city | Concept art”

**Figure 28:** Random samples from our pipeline for prompt “Sunny day in a field of sunflowers”

**Figure 29:** Random samples from our pipeline for prompt “The Island Mansion | Fractal art”

**Figure 30:** Random samples from our pipeline for prompt “The Monument Of The Ancients | Low poly”

**Figure 31:** Random samples from our pipeline for prompt “The Shire”

**Figure 32:** Random samples from our pipeline for prompt “To Watch Paradise From Afar”

**Figure 33:** Random samples from our pipeline for prompt “An intricate painting of eternity”
